you want to ask
more sensitive
questions
during your
next interview!**

PROMOTION

“

I'm curious about the career growth opportunities within your company.

Could you share with me how promotions are typically earned and how soon an employee can expect to be considered for a promotion after starting their contract?

COMPANY CULTURE

“

I'm curious about the company culture and what expectations there are around employee appearance and behavior in the workplace. Aside from job performance, do factors such as dress code or behavior matter on a daily basis in the office?

#careersquestions

GENDER DIVERSITY

“

I believe that a safe and respectful workplace is important for all employees.

Can you please provide more information on the company's approach and policies for preventing and addressing sexual harassment in the workplace?

SALARY

“

Could you give me an idea of what the typical starting salary is for a junior-level position at your company?

#careersquestions

FIRST-HAND EXPERIENCE

“

I'm interested in understanding how work tasks are organized and prioritized within the company.

Could you explain how management sets goals and objectives to ensure efficient and effective workflow?

CONTRACT TERMS

“

I'm curious about the company's perspective on temporary positions. If I were interested in a position for a temporary period of time, what would the company's response be?

SELECTION PROCESS

“

I'm curious about the company's hiring practices when it comes to job experience requirements. If a job posting lists 1 year of experience required, but candidates with 4-5 years of experience apply, why might the company choose to select the more experienced candidates, and how does the application system allow candidates with more experience to apply?

TRAINING

“

How does your company support entry-level employees in their professional growth and development?

What specific initiatives or programs do you have in place to help them advance their careers?
